Build a wall that looks just like brick. Without blood, sweat, tears or brick.

Bricklaying doesn't come easy to most people. But you can be an exception.

All you need is a little spare time and enough GAF Hearth-Glow Brick and mortar to cover a wall.

In a few hours you can put up a wall so real looking, any brick-layer would be proud to call it his own.

That's because our make-believe brick is all mineral and not plastic like some others that means it not only looks like brick, it *feels* like real brick.

What's more, it's incredibly easy to use. Just apply the mortar to the wall and press the bricks into place. Once it's dry, even the mortar looks authentic.

So look for GAF Hearth-Glow Brick Interior Wall Covering at any of the fine stores listed below. And leave the blood, sweat and an occasional tear to the other bricklayers.

College Scholarships At Stake Dec. 5th

College scholarships totaling $111,000 will be at stake Tuesday, Dec. 5, when high school seniors here and throughout the country join in the written knowledge and attitude examination of the 1973 Betty Crocker Search for American Homemakers of Tomorrow. This year, for the first time in the 19-year history of the educational program, boys are eligible to participate.

Scores on the 50-minute test will form the basis for selection of a Homemaker of Tomorrow here. This student will receive a specially designed award from General Mills, sponsor of the Betty Crocker Search, and will, together with all other school winners, remain in the running for state and national honors.

State Homemakers of Tomorrow -- one from each state and the District of Columbia -- will be awarded $1,500 scholarships. To be chosen in judging centering on performance in the written examination, they will also earn for their schools a 20 - volume reference work, "The Annals of America," from Encyclopaedia Britannica Educational Corporation. Second - ranking participants in each state will receive $500 college grants.

Late next April, the 51 State Homemakers of Tomorrow, each accompanied by a faculty adviser, will gather in Washington, D.C., for an expense-paid educational tour of the capital city and Colonial Williamsburg, Va. Personal observation and interviews during the tour will be added factors in the selection, from the state winners, of the 1973 Betty Crocker All-American Homemaker of Tomorrow and three runner-ups. Scholarships of the four national winners will be increased to $5,000, $4,000, $3,000 and $2,000.

A $1,000 Nutrition Scholarship, instituted in last year's Betty Crocker Search, will be awarded for the program again this year. Recipient of this award will be the participating student who is planning a college major in nutrition or a related field, ranks among the highest in his or her state on the total Search examination and, from these meeting these two criteria, achieves the top score on the test's nutrition items. About nine million students have been enrolled in the Betty Crocker Search since its beginning in the 1954-55 school year. With this year's grants, total scholarships awarded will exceed 42 million.

The Search examination is prepared and graded by Science Research Associates, Chicago, which is also responsible for all judging and selection of winners.

HEARING PROBLEMS?

Because most hearing losses appear gradually, the victims often are not aware of the situation until their hearing impairments have reached the point that they no longer can perform satisfactorily on their jobs.
